

**G H Raisoni College of Engineering and Management,
Wagholi, Pune**

Department of Electronics and Telecommunication Engineering

E-Yantra and Robotics Club

Personal Information:

1. Full Name: VITTHAL SURUSHE
2. Student ID: 23AETN1101005
3. Email Address: vitthal.surushe.etc@ghrcem.raisoni.net
4. Phone Number: 9511722450
5. Major/Field of Study: Electronics and telecommunication
6. Year of Study: SECOND YEAR

Interest and Skills:

- **Why are you interested in joining the Robotics Club?** (Briefly describe)

: I'm passionate about technology and innovation and I believe that robotics is at the forefront of shaping the future. Joining the Robotics Club will give me the opportunity to apply my theoretical knowledge to practical projects collaborate with like-minded individuals and contribute to exciting developments. I'm eager to learn from experienced members, tackle challenging problems and ultimately enhance my skills in robotics and automation

- **Do you have any prior experience with robotics or related fields?** (If yes, please elaborate)

: While I don't have direct experience in robotics yet I am deeply fascinated by the field and have a strong foundation in electronics. I'm eager to learn and quickly adapt to new challenges. My enthusiasm for technology and problem-solving drives me to actively seek opportunities to expand my knowledge. I see the Robotics Club as the perfect environment to gain hands-on experience, learn from experts, and contribute to exciting projects. I'm confident that my dedication and willingness to learn will allow me to make meaningful contributions to the club.

- **What areas of robotics are you most interested in?** (You can select more than one)

: Electronics, PROGRAMMING, Artificial Intelligence

Additional Information:

- **Are you interested in holding a leadership position within the club?** (If yes, please share your resume with a brief introduction of yourself in the email : robotics.ghrcem@gmail.com)

: nan

Consent:I hereby confirm that the information provided above is accurate to the best of my knowledge. I agree to abide by the rules and regulations of the Robotics Club.
