

G H Raisoni College of Engineering and Management, Wagholi, Pune

Department of Electronics and Telecommunication Engineering

E-Yantra and Robotics Club

Personal Information:

1. Full Name: Tejas Rahul Mamdyal

2. Student ID: tejasmamdyal240206@gmail.com

3. Email Address: tejasmamdyal
240206@gmail.com

4. Phone Number: 7972460416

5. Major/Field of Study: Mechanical

6. Year of Study: SECOND YEAR

Interest and Skills:

• Why are you interested in joining the Robotics Club? (Briefly describe)

.

"I'm interested in joining the Robotics Club because I'm passionate about learning and exploring the intersection of technology, innovation, and creativity. I want to develop my skills in programming, design, and problem-solving while working on exciting projects that can make a real-world impact. I'm excited to collaborate with like-minded individuals, learn from their experiences, and contribute my own ideas and expertise to create innovative robotic solutions."

• Do you have any prior experience with robotics or related fields? (If yes, please elaborate)

:

"Yes, I have prior experience with robotics and related fields. In my previous projects, I worked on:

- Programming robots using languages like Python and C++

- Designing and building robotic systems using CAD software and prototyping tools
- Developing machine learning models for robotic applications
- Collaborating with teams to integrate robotics with IoT devices and sensors

I'm excited to apply my knowledge and skills to new projects and continue learning from others in the field."

- What areas of robotics are you most interested in? (You can select more than one)
 - : Mechanical Design

Additional Information:

• Are you interested in holding a leadership position within the club? (If yes, please share your resume with a brief introduction of yourself in the email: robotics.ghrcem@gmail.com)

: nan

Consent: I hereby confirm that the information provided above is accurate to the best of my knowledge. I agree to abide by the rules and regulations of the Robotics Club.
